

MOHAMMED ZAKKI ADNAAN P

Frontend Developer | React.js | Full-Stack Fundamentals

Pernambut, Tamil Nadu, India | +91 9342954510 | zakkiadnan05@gmail.com

zakki-dev.netlify.app | github.com/Zakki-05 | linkedin.com/in/mohammed-zakki-adnan-p

PROFESSIONAL SUMMARY

Frontend Developer with a full-stack foundation in React.js, Django, and MySQL, having shipped multiple production applications — including a JWT-authenticated community platform with role-based access control. Strong in responsive, component-driven UI development and REST API integration, with hands-on delivery experience across two full-stack internships in Agile team settings. Currently deepening expertise in TypeScript and Next.js. Seeking a Frontend/React Developer role in Bangalore, Chennai, or remote-first teams.

TECHNICAL SKILLS

Frontend: React.js, React Hooks, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap, JSX, Responsive & Mobile-First Design

Backend: Python, Django, REST API Development & Integration, Authentication, CRUD Operations

Database: MySQL, Database Design

Tools: Git, GitHub, VS Code, Chrome DevTools, Postman, Netlify, Render

Concepts: Component-Based Architecture, Data Structures, OOP, DBMS, Cross-Browser Compatibility, UI/UX Design, Problem Solving

Currently Learning: TypeScript, Next.js, Redux, Jest

EXPERIENCE

Full Stack Web Developer Intern — Colan Infotech Private Limited

Mar 2026 – Jun 2026

- Built and maintained responsive UI components with React.js and JavaScript, ensuring consistent rendering across Chrome, Firefox, and Edge.
- Integrated REST APIs with front-end features, streamlining data flow between client and backend services.
- Identified and resolved front-end bugs tracked through Agile sprint boards, improving code stability and reducing reopened tickets.
- Refactored legacy CSS and Bootstrap layouts into reusable, mobile-first responsive components.
- Participated in daily stand-ups, sprint planning, and peer code reviews within a cross-functional Agile team.

Frontend Developer Intern — AspiraSys

Jan 2025 – Feb 2026

- Delivered pixel-perfect, WCAG-compliant UI, translating Figma wireframes into responsive HTML5/CSS3/JS and reducing design-review iterations.
- Built and deployed multiple responsive websites — including portfolio, e-commerce, and landing page projects — using React.js, Bootstrap, and JavaScript.
- Tested and fixed cross-browser layout inconsistencies across Chrome, Firefox, and Safari for all client deliverables.
- Completed structured industrial training covering the full deployment lifecycle (Netlify, Render CI/CD) and AI-assisted development workflows.
- Collaborated in an Agile team environment, managing version control and sprint workflows via Git and GitHub.

PROJECTS

Pernambut Connect — Community Platform | React.js, Tailwind CSS, Django, MySQL

- Architected a full-stack community platform with JWT authentication and protected-route guards, managing session persistence across React and Django without third-party auth providers.
- Designed RESTful Django endpoints for posts, profiles, and community interactions, consumed via Axios with centralized error handling and full CRUD support.

Pernambut Hub — Civic Issue Tracking | Django, MySQL

- Built a status-driven issue lifecycle (submitted → in-progress → resolved) with role-based permissions distinguishing residents from administrators.
- Modeled a normalized MySQL schema via Django ORM for issues, users, and audit-trail records, avoiding duplication across categorization and status history.

Al Huda Islamic School — Institutional Site | HTML5, CSS3, JavaScript

- Delivered a production institutional website with semantic HTML5 and CSS media queries, covering viewports from 320px to 1440px for consistent cross-device rendering.

Expense Tracker | React.js, Tailwind CSS

- Built a responsive income and expense management dashboard with dynamic charts and local storage persistence for a fully client-side budgeting tool.

Portfolio Website | React.js, Tailwind CSS, Framer Motion

- Designed and deployed a responsive, SEO-friendly personal portfolio with a dark theme and Framer Motion animations, optimized for performance via code splitting.

EDUCATION

Bachelor of Computer Applications (BCA)

Islamiah College (Autonomous), Vaniyambadi | 2023 – 2026

CERTIFICATIONS

- Industrial Training: Web Development, AI Tools & Deployment Platforms — AspiraSys
- Flask Workshop — Sacred Heart College

ACHIEVEMENTS

- 1st Place — Pirates Pursuits, TECH-FRENZY 2K25
- 3rd Prize — ADZ-AP, SAIT 2025 Symposium
